WINTER WHEELS :

Please Note:

When driving with winter wheels with-out studs (studded prohibited!) in Germany (also valid for tourists) with a lower speed rate on tyre than the top speed of the car, you must place a visible "Speed rating sticker" in the car. This is a legal requirement by the German authority! Stickers is included in winter wheel codes.

TIRE-BRAND: NOKIAN. If Nokian is out of stock, we deliver Michelin or other brands.

VCIC are free to deliver either of those brand without any notice.

N.B.: We can not offer a free choice between different tire brands or rim models.

N.B.: Tyres with studs is only for deliveries at FDC - Gothenburg and not permitted / suitable outside Scandinavia!

Speed rating codes:

T = 190 km/h H = 210 km/h V = 240 km/h W = 270 km/h

Stickers for driving in Germany with lower speed rating on tires than cars top speed are available!
